US Bank Card Activation

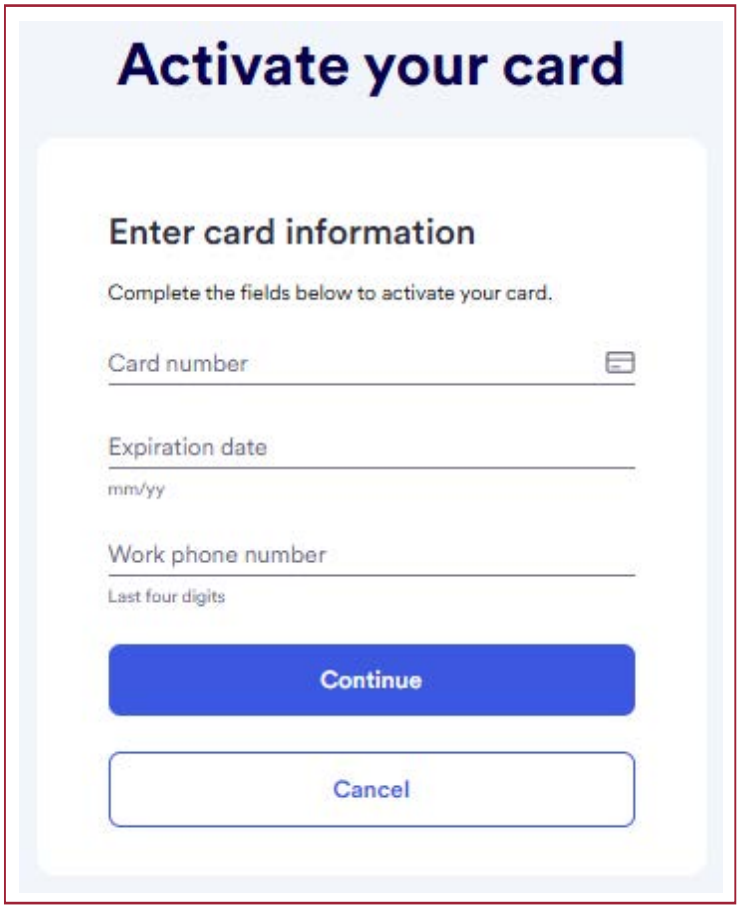

UAMS Credit Card (CC) Activation Information:

US Bank will ask you for two numbers when activating your card(s) to validate your identity.

- When asked for your "Work Phone Number," enter your **Personal Phone Number**.
- When asked for your "Social Security Number," enter your **Universal ID**. This is located in your Workday profile to the right of your name.

How to Look-Up Your Card in Workday:

- Search by the cardholder's name, not the number displayed on your card. US Bank transmits a token to conceal your account information, so the numbers in WD will not match.

T-Card Only:

After charges start to post on your T-card, contact Rach Schoof or Anthony Ishmael to enable reassignment on your card. This only needs to be done once.
