

Agility is proud to partner with UAMS.

To Place an Order:

1. Call Agility at **501-686-5807**
2. Be prepared with the Patient's account number and last name
3. Provide the type of equipment needed, delivery location and status of the order

Your requested equipment will be delivered to the left side of the patient's room and Agility will notify the Nursing Station when the delivery has been made

Our on-site representatives are responsible for fulfilling equipment needs, delivering equipment (Routine: 30 minutes, STAT: 15 minutes or less), cleaning, tracking and monitoring equipment, plus the overall management of the medical equipment listed below:
